## Guidelines for filling in the IB Subject Choice Form

- A student has to select 6 subjects.
- (3HL+3SL) Normally, one from each group. HL means Higher Level, SL means Standard Level.
- HL entails 240 hours and SL entails 150 hours of teaching.
- Each subject can be selected only at one level; HL or SL
- In case a student does not want to select Group VI at all, he / she has the option to select an additional subject from group III or IV.
- A student cannot take more than two subjects from Group IV.
- Math (SL) / Mathematical Studies are for students not wanting to pursue Math at university. Math (HL) is a prerequisite for Engineering / Architecture / Economics / Biomedical engineering courses by many colleges in USA, UK.
- Taking 3 science subjects at HL is highly discouraged and will be granted at the school's discretion.

### Note:

1. You can visit the following sites for more information and before you decide your choice of subjects.
